TPA

TAMPA

There's more to the city on Florida's west coast than its waterways, cigars and pirates.

Why Now: It's Tampa's time to shine, and the city is reveling in the spotlight thanks to the long-anticipated renaissance of its urban core and outlying neighborhoods. Follow Florida Avenue north from downtown to Seminole Heights, a historic, community-focused area filled with restaurants, craft breweries, boutiques, bars, tree-

lined parks and charming bungalows.

Where to Go: Start the day with a cafe bombon—a latte with steamed sweetened condensed milk—at The Blind Tiger Cafe, grab a counter seat at Trip's Diner for classic breakfast dishes or duck into Whatever Pops & Bowls for a smoothie or açai bowl. One of the easiest ways to explore the

Heights is to rent a bike from Two Broke Spokes. Hit local boutiques Cleanse Apothecary (beauty and skin-care products) and Health Mutt (goodies for your four-legged friends) or head to the maker-rich Sunday Morning Market on the second Sunday of the month. As you pedal, keep an eye out for vibrant murals created by local artists

such as Bianca Burrows, Carlos Pons Paz and Skylar Suarez. Seminole Heights chefs also have flexed their artistry by leading the charge in revolutionizing how locals eat. Try celebrated Rooster & the Till for small-plate nibbles and the tasting menu, vegan Italian dishes at Ground Foods Cafe and the fare at Ella's Americana Folk Art Cafe, especially on Soul Food Sunday. Cap off the night with a drink from Southern Brewing & Winemaking, one of the first brewers to appear on Seminole Heights' thriving craft beer scene. — **SUSAN B. BARNES**
